

Duty to Warn Rebate

This rebate is designed to reimburse a propane dealer for some expenses associated with mailing duty to warn information to their customers. Marketers that choose to participate will purchase the Duty to Warn materials they need, have them shipped to their plants, and submit a receipt or proof of purchase to the PPGA. PPGA staff will then reimburse up to \$500 to the marketer.

To ensure a consistent message is being sent to propane customers across the state, two brochures produced by PERC will be eligible for this rebate:

- "Important Propane Safety Information for You and Your Family" brochure (PRC-003121 or PRC-003121S), either in English or Spanish; or
- the "Propane Safety Booklet" (PRC-005606 or PRC-005606S), also in English or Spanish.

These are available by ordering directly from www.propanecouncil.org.

The following conditions will apply to this rebate:

- a. Propane dealer must have a retail location in the states of Alaska, Hawaii, Oregon or Washington.
- b. Rebate is limited to \$500.00.
- c. 1 rebate per company.
- d. Rebate period ends December 31, 2019, **or until funds are exhausted**. Requests for rebates will be processed on a first come, first served basis.
- e. Proof of mailing must include copy of order for materials and/or proof of mailing (receipt from mailing house, post office, etc.)

Please use this form to apply for the rebate by completing all the requested information and returning your receipt(s) to the PPGA office.
