

Quality LP Gas Products from a Company You Can Trust

Rodda's Lower VOC Paints Put the **ECO** in **TEECO**!

Rodda Paints have much lower VOC levels than standard paints. Why is Lower VOC Important?

Exposure to Volatile Organic Compound (VOC) vapors can cause a variety of health effects, including eye, nose, and throat irritation; headaches and loss of coordination; nausea; and damage to the liver, kidneys, or central nervous system. Some VOCs are suspected or proven carcinogens.

VOCs in air pollution are also a concern because they contribute to the formation of ground-level ozone when they react with nitrogen oxides in the air. Rodda paints comply with VOC regulations in California.

Maintenance Enamels

Premium quality, urethane modified, VOC compliant alkyd gloss enamel for use as a protective maintenance rust inhibitive direct-to-metal (DTM) finish coat for use on metal and structural components. Quick dry and all season application combined with good weather resistance make this an ideal coating for both field or shop use.

These High Performance Enamels are Developed, Formulated and Manufactured in North America.

High Solid Metal Primers

Barrier III HS is a high solids, high build, fast drying, lead and chromate free rust inhibitive metal primer for ferrous metals. This primer has the ability to replace a multitude of primers usually required to ensure compatibility with various topcoats such as alkyds, epoxies, most coal tars, chlorinated rubber, emulsions and polyurethanes. It can be used as a tie coat (intermediate) primer for the possibility of upgrading present surfaces to a more chemically resistant system.

These High Solid Metal Primers are Formulated and Manufactured in the USA in Portland, Oregon.

Item #	Description
R5	White Paint Lower VOC Alkyd High Performance Enamel (1 gallon)
R5-5	White Paint Lower VOC Alkyd High Performance Enamel (5 gallon)
R184	Tan Paint Lower VOC Alkyd High Performance Enamel (1 gallon)
R184-5	Tan Paint Lower VOC Alkyd High Performance Enamel (5 gallon)
R625	Safety Yellow Paint Lower VOC Alkyd High Performance Enamel (1 gallon)
R699	Safety Red Paint Lower VOC Alkyd High Performance Enamel (1 gallon)
R1373	Gray Barrier III High Solid Metal Primer Lower VOC Alkyd (1 gallon)
R1373-5	Gray Barrier III High Solid Metal Primer Lower VOC Alkyd (5 gallon)
RM150	White Barrier III High Solid Metal Primer Lower VOC Alkyd (1 gallon)
RM150-5	White Barrier III High Solid Metal Primer Lower VOC Alkyd (5 gallon)
RPENETROL	Penetrol Paint Additive Rust Treatment
